RE: 30 Day Post-general Report (10/14/2010 - 11/22/2010)

Dear Ms. Kelly,

This submission is in response to your request for additional information concerning a contribution reported on one of the Committee's 48 hour late contribution reports.

A fundraising representative for the campaign committee received a contribution from Eli Lilly and Company Political Action Committee on 10/29/10, and this contribution was timely reported to the FEC within 48 hours. The contribution was subsequently forwarded to the committee, but was lost in transit. Since it was not until after the day of the election before it was determined that the check was missing, the contribution was not resolicited or replaced. Since the Committee did not receive the contribution for deposit, it was not included on the Post-general report.

Please contact me if you require additional information.

Sincerely,

Alfredia Scott
Assistant Treasurer
